THE DAILY JOURNAL

Is the best daily paper published on the line of the Central Pacific Railroad, east of Sacramento, and having a general circulation throughout the State it is especially valuable as an advertising medium.

THE DAILY AND WEEKLY JOURNAL have a combined circulation larger than that of any interior journal of Nevada, excepting those on the Comstock.

Governor Blackburn of Kentucky has pardoned Smith N. Hawes, the defaulting Treasurer of the city of Covington. Hawes made away with some \$50,000. His pardon is said to have been given because he "is highly connected, both by blood and marriage, throughout Kentucky."

Blackburn should have introduced the yellow fever into Hawes, instead of pardoning him for the reason stated.

45 Years before the Public THE GENUINE DR. C. McLANE'S LIVER PILLS

are not recommended as a remedy "for all the ills that flesh is heir to," but in affections of the Liver, and in all Bilious Complaints, Dyspepsia, and Sick Headache, or diseases of that character, they stand without a rival.

ACUE AND FEVER. No better cathartic can be used preparatory to, or after taking quinine. As a simple purgative they are unequalled.

BEWARE OF IMITATIONS. The genuine are never sugar-coated. Each box has a red wax seal on the lid, with the impression, **McLANE'S LIVER PILLS.** Each wrapper bears the signatures of C. McLane and Fleming Bros. Insist upon having the genuine **DR. C. McLANE'S LIVER PILLS**, prepared by **FLEMING BROS., Pittsburgh, Pa.**, the market being full of imitations of the name **McLane**, spelled differently but same pronunciation.

INVALIDS AND OTHERS SEEKING HEALTH, STRENGTH and ENERGY,

WITHOUT THE USE OF DRUGS, ARE REQUESTED TO SEND FOR THE ELECTRIC REVIEW, AN ILLUSTRATED JOURNAL, WHICH IS PUBLISHED FOR FREE DISTRIBUTION.

IT TELLS US OF HEALTH, HYGIENE, and Physical Culture, and is a complete encyclopedia of information for invalids and those who suffer from Nervous, Exhausting and Painful Diseases. Every subject that bears upon health and human happiness, receives attention in its pages; and the many questions asked by suffering invalids, who have despair of a cure, are answered, and valuable information is volunteered to all who are in need of medical advice. The subject of Electric Belts, recent Medicine, and the hundred and one questions of vital importance to suffering humanity, are daily considered and explained.

YOUNG MEN And others who suffer from Nervous and Physical Debility, Loss of Manly Vigor, Premature Exhaustion, and the many other consequences of early indiscretion, etc., are especially benefited by consulting this journal.

The **ELECTRIC REVIEW** exposes the unmitigated frauds practiced by quacks and medical impostors who profess to "practice medicine," and points out the only safe, simple, and effective road to Health, Vigor, and Bodily Energy.

BISHOP WHITAKER'S SCHOOL FOR GIRLS, RENO.

This School has been in successful operation for three years and a half, and has become well known throughout the State. From the time it was first opened until now no pains have been spared on the part of those who have it in charge to make it a

FIRST-CLASS SCHOOL.

Fully worthy the confidence of those who have daughters to be educated. And these efforts have been successful. It gives us pleasure to say that, although the number of scholars has at some times been larger than during the last term, the School is now in better condition than it has ever before been, and it is now more than ever before, worthy of patronage and support.

TEACHERS:

Miss Kate A. Sill, the first Principal, returned and resumed her position at the beginning of the last term, to the great satisfaction of every scholar, and friend of the School. Mrs. L. B. Graham has also returned, and with Miss Sill will be assisted by the teacher of music, Miss Eva Quade, a teacher of music, is too well and favorably known to need any commendation from us. In addition to these the Rev. W. H. Jenney, Miss Julia M. Woodruff, and Miss Jane Briscoe, three thoroughly competent teachers have been employed during the past term. Addition to the staff of teachers will be made whenever the wants of the School may require it; but with thirty-five scholars, the number in attendance during the last term, six teachers are amply sufficient to do full justice to every scholar. While especial attention is given to the

Common English Studies.

And to the health and good manners of scholars, there is not wanting every facility needed for securing all the accomplishments of a

Higher Education.

One admirable feature of the School is that lessons in Free Hand Drawing, Singing and Penmanship are given regularly to all the pupils without extra charge. The teachers and Physical Training also receive due attention. But the best feature of the School is that it is a

Refined, Cultivated, Christian Home

It is in the formation of a pure womanly character in its pupils that its best and most enduring influence is to be found. There are few who have been long connected with the School who do not show the effect of this influence upon their character and habits. The charges are as low as they can reasonably be placed.

\$300 a Year

Pays for Board and Tuition in all the English studies. Books and Washing are charged at the actual cost. An additional charge is made for private lessons in Music, Drawing or Modern Languages.

The Next Term begins on Thursday, January 8, 1880.

Letters of inquiry and applications for admission should be made to

Fair for the Senate, and Cassidy for Congress. This is the latest Democratic ticket for this Fall.

The two last spikes driven on the Nevada Central Railway were made of silver from the Manhattan mine.

Superintendent Kelly, of the Lady Bryan says his mine will shut down in a few days. He says they have no money to pay the expenses of running.

The fare from Battle Mountain to Austin is now \$9, and freight is \$18 per ton. Before the railroad was completed the fare was \$15 and \$20, and freight \$30 and \$40 per ton.

With its last issue the Belmont Courier commenced its seventh volume and seventh year. The Courier is an excellent little paper, and a faithful representative of Nye county.

Mr. Fred. E. Fisk, one of the former proprietors of the Eureka Leader, is at present at the Dalles, in Oregon, and a letter received from him by Judge Cromer states that he is engaged in the wholesale liquor business at that place.

The latest case of absent-mindedness comes from Tennessee. A young gentleman of Memphis loves a girl who lives in the country, up the railroad. Wishing to see her he hired a horse and buggy and drove out to her house, hitching the horse at the door. After a while he came out, happy, serene and delighted, walked down to the railway station, got a ticket and rode back to Memphis, leaving his horse hitched near the country gate. How he must love her!

BULLION SHIPPING.—The Gold Hill News says. Secretary Taylor of the Con. Virginia office says that hereafter bullion shipments for the month will end with the month. The practice of extending the monthly shipments over into the next month for clean-ups, etc., produces many complications, especially in making returns of the net proceeds of the mines to the Assessors. This will be avoided in future by the plan above proposed. Totals of shipments for the month will now conclude with the last shipment in each month.

THE BODIE RAILROAD.—The Miners' Union of this section says the Gold Hill News, are likely to have something to say as to whether Chinese or whites shall be employed in the construction of the branch railroad to Bodie. They are certainly liable to so far as that portion of the road passing through Lyon county is concerned. There are plenty of white men out of employment in that county who are willing to work for low wages, and the Chinese proposition may get a back-set, especially if the Silver City Miners' Union takes the matter in hand.

THE TRIBUNE FORSAKES GRANT.—The New York Tribune, which has been a strong paper with E. B. Washburne in the background as second choice, but at present he is not a prominent enough candidate, and the Tribune has apparently begun to favor Blaine over all other contestants (Washburne alone excepted), and is publishing a large amount of news matter showing the popularity of the Maine candidate in the West. It says to-day that the Michigan delegation, which in 1876 cost a solid vote against Blaine, will, according to present indications, be instructed for Blaine. The Tribune's St. Louis dispatch intimates that the Grant feeling is waning and that Sherman and Blaine are looming up.

The provisions of the recently introduced Bigamy bill declare that any man who marries more than one woman is guilty of bigamy. This provision does not extend to any person by reason of any former marriage whose husband or wife by such marriage is absent for five successive years and is not known to be living, nor to any person whose lawful marriage has been dissolved by the decree of a competent court. It provides that in any case of prosecution for bigamy any person drawn as a jurymen may be challenged if he is, or has been, living in the practice of bigamy or polygamy, or if he believes it morally, religiously or legally right for a man to have more than one living and undivorced wife, or to live in the practice of cohabiting with more than one woman. It also authorizes the President to grant amnesty to offenders against the law for offenses committed before January 1, 1879, on such conditions and under such limitations as he shall think just, but no such amnesty shall have effect unless the conditions therefore shall have been complied with. The bill provides that the issue of plural or Mormon marriages born before November 1, 1879, shall be considered legitimate and entitled to all the rights of heirs and the next of kin of their parents.

FAIR FOR U. S. SENATOR.

A San Francisco dispatch of February 2d to the Chicago Times says: The coming election for members of the Nevada election will undoubtedly be one of extraordinary interest and considerable profit to the successful candidates. Until quite recently it was generally understood that Sharon was going to have a walk over and succeed himself to the United States Senate. It now turns out that the Democrats have not abandoned hope, but are determined to go in and win. To accomplish this purpose they have turned their attention to James G. Fair, one of the Bonanza firm. A committee of Nevada Democratic politicians were in the city to-day and waited on Fair, from whom, after a long conference, they obtained a promise to give their proposition careful attention. Fair is reported to have assured the committee that he had no objections to entering the Senatorial contest if he were not averse to being abused by the press, and he feels pretty sure he will be severely dealt with. So far as the pecuniary aspect of the contest is concerned he would have no reluctance to consider it. Should Fair decide to run against Sharon, one of the most outrageous spectacles of bargain and sale ever witnessed would no doubt occur. Sharon has pledged to him eleven of the twelve hold-over Senators; so the fight will be narrowed down for him considerably. It is notorious of Nevada that her Legislatures are places of bargain and sale, and, so far as the election of a Senator is concerned, it is simply a case of the longest pole knocking the persimmon. Fair is unquestionably the best fixed financially, and should he determine to go to the United States Senate he will no doubt do so. If he went there it would not be until after several officeholders were made much better off than they are now. The election takes place in November, and the Legislature meets in January next when the election of a Senator occurs. Commenting upon this the Eureka Leader says: For several days there have been rumors that matters political, so far as our Democratic friends are concerned, were being fixed in San Francisco, whether a number of the greater as well as the lesser lights of the party had wended their way. The "fixing" process referred to a candidate for United States Senator and Congressman. The belief in the Supreme efficacy of money in such contests has seized upon the Democratic mind, and the rumor points to James G. Fair, one of the Bonanza kings, as the one upon whose money bags they have fixed their hopes and on whom they are willing (if they could) to bestow the Senatorial toga in consideration of the influence and material aid that he would render the party. Rumor had it that the arrangement included Geo. W. Cassidy for Congress, in consideration of the efficient aid he rendered the Bonanza firm in the Bullion Tax legislation of three years ago, which was so effectually squelched by Bradley's veto. Not a word of this so far has crept into the papers of the coast but as regards Uncle Jeems it appears that there is considerable truth in it.

OPPOSITION.

The Pacific Mail Company have commenced a war of rates from New York to San Francisco for passengers and freights. After this the rates for passage will be \$75 for first-class and \$35 for steerage passengers. In opposition the railroad companies offer the following rates: First-class, \$100; second class, \$75. The opposition is genuine, so much so that the railroads are thinking seriously, so we have been told, of making \$75 the rate for first-class fare Overland, and of inaugurating war against the steamship company, between San Francisco and China. Let the good work go on.

The Provisions of the Reagan Substitute.

The Reagan bill substitute provides for a National Board of Railroad Commissioners, whose duty it shall be to exercise a general supervision over railroads that cross State lines and do not lie wholly within the boundaries of a single State, with the power to examine the books and business of these roads to see that all laws relating to them are enforced, to examine into the methods and systems of transportation, and to report to Congress the necessary data for the passage of an intelligent system of railroad legislation; the commission is to hear and investigate complaints of ill-treatment by railroad corporations, and when they shall find that any railroad does not conduct itself in a manner promotive of public interests, they shall report the same to Congress in order that the abuses found to exist may be corrected and prevented by legislation. When the Commission find that the law has been violated they are required to report at once to the Attorney General. The Board is given power to call for persons and papers and take evidence. The bill also prohibits any railroad company charging one person more than another for the same service, and from directly or indirectly affording one person better facilities than another. This is very nearly what is known as the Massachusetts plan, which was recommended to the committee recently by Charles Francis Adams, Jr.

Outside of the "third term," Washburne is the most eligible man in the Republican party for the next Presidency. Perhaps Grant will repudiate the efforts of his friends to force the nomination upon him, and the "dark horse" Washburne may then be induced to trot out upon the track.—(Gold Hill News.)

THE REPUBLICAN DELEGATES.

The Eureka Sentinel sums up the situation, according to its views, as follows: The Republican State Central Committee of Nevada is called to meet at Virginia City on the 23d instant. It is understood that a large majority of the Committee favor the nomination of General Grant for the Presidency. It is also apparent that Mr. Blaine has quite a large following among the rank and file of the party in this State. Our Republican friends throughout the State seem to be in a quandary as to whether the Committee should appoint the delegates to the Chicago Convention, or whether they should be selected by a convention fresh from the people. In either event, we imagine that the result will be the same. Senators Jones and Sharon and Representative Daggett are all enthusiastic Grant men. These men cannot well be denied seats in the National Convention. Neither can Mr. Mackay, who is the head and front of the Grant boom in Nevada, and who, we learn, is particularly desirous of being a delegate to the Convention, that he may be better able to assist his friend, the General. The Blaine men of Nevada cannot afford to antagonize these prominent party leaders, and so we regard it as a certainty that, no matter whether the Committee appoints, or a convention elects, Jones and Sharon, and Daggett and Mackay, will be of the delegation. Of course, a convention might instruct for Blaine, but such a course is hardly to be regarded as probable, since the gentlemen named would not care to attend the Convention with liver pads upon their mouths. All in all, therefore, it is more than likely that the Committee will name a delegation, ostensibly unpledged, but sent for Grant. It would possibly be a well, inasmuch as the personnel of the delegation would not be materially changed through the medium of a convention. A convention would entail a deal of trouble and expense, and in all human probability would not affect results, a majority of the delegation being for Grant in any event.

The Democratic Delegates.

The Eureka Sentinel favors the appointment of delegates to the Democratic Convention. It argues: The Democrats of Nevada have no perplexing difficulties before them in the matter of selecting delegates to their National Convention. There is scarcely a Democrat in Nevada who has a well-settled conviction as to whom the candidate should be. The lines are not sharply drawn in this State, and cannot be, between any two or more aspirants for the great office, nor is it at all likely that the small vote of Nevada will cut any figure in deciding the choice of the Convention. The great States of the East are most likely to put the question entirely out of dispute. Hence, speaking as a Democrat, we are wont to regard it as good a plan as any to appoint the delegates, and leave them free to act as circumstances may dictate when once in Convention. It is to be a matter of guesswork in any event, and a delegation selected in this way is as likely to represent the real sentiment of the Democrats of the State as a delegation chosen by a Convention of the representatives of the party.

Some 3,000 unemployed workmen assembled at the sand-lot Wednesday afternoon, and after listening to a number of speakers about half of the crowd formed a line, and marched to the office of the Central Pacific Railroad Company, and a committee, appointed for the purpose, sought an interview with President Stanford and Vice President Crocker. Both were absent, and the committee were received by General Superintendent Towne, to whom they stated that the object of the movement was to ask the company to comply with a provision of the new Constitution forbidding corporations to employ Chinese, and give work to the unemployed whites, and intimated that if the request was not complied with, and the distress continued, it would be difficult to foretell the result. Mr. Towne replied that he would refer the matter to the directors, and return an answer on Monday next. The procession then returned to the sand-lot, and subsequently dispersed. The proceedings were quiet and orderly.

PEOPLE'S STORE.

PEOPLE'S STORE!

IN PRESENTING THE ABOVE NAME TO

the people of this city and adjacent counties, we desire to explain fully the motives and objects of our business; the manner and style in which we intend doing business, and why it is to the interest of the public to support the views we take.

Our business transactions will all be based on the

STRICT CASH PAYMENT PLAN.

By this we mean that purchases must be accompanied by Cash, and

UNDER NO CIRCUMSTANCES

WILL ANY GOODS BE CHARGED.

Our motives for thus doing might, if not explained, seem strange; but—one moment—and we shall ask you, "How do you expect to buy at low rates and pay for the following extras—which, mind you, must and is always added to the goods you buy?"

The following items we save, not for ourselves, but for the patrons of our house:

First—We save the cost of a Book-keeper and Collector.

Second—By avoiding the losses occasioned by non-paying customers.

Third—By saving the interest at 1 per cent per month on \$5,000, invested in book accounts.

Fourth—By saving any omission in charging for goods that would be sold on credit.

Fifth—By always having the cash in the drawer of the goods on the shelf, thereby saving the expense of paying for goods before the book accounts could be collected.

Sixth—And most important, by the reduction in prices of goods we buy; for where we have the ready cash to pay down for any article we desire, we can always buy goods at a reduced price, and naturally can afford to sell cheaper, and have as much profit for when buying on time, and paying in three or four months thereafter, a merchant certainly pays a higher price for his goods than one who has the ready cash to pay immediately. And it evidently allows, and is an indisputable fact, that any house doing a cash business cannot sell at as low a price of one doing a

Strict Cash Business.

These theories demonstrate and convince Skepticism itself, and are as solid as an ocean rock.

Many an experienced eye will scan these lines, knowing full well these living truths, which cannot be disputed.

It is our intention to place the different lines of merchandise we carry within the reach of legitimate traders, and at such

CREAT REDUCTION

That our patrons not alone will cling to us, but, with encouraging applause will urge us onward to inaugurate the system of

SOLID CASH,

WHICH IS THE ONLY LEVER TO SUCCESSFUL MERCHANDISING.

We desire every purchaser of
